## KENTUCKY TRANSPORTATION CENTER

### *Our Mission*

We provide services to the transportation community through research, technology exchange and education. We create and participate in partnerships to promote safe and effective transportation systems.

### *We Value...*

Teamwork -- Listening and Communicating, Along with Courtesy and Respect for Others  
Honesty and Ethical Behavior  
Delivering the Highest Quality Products and Services  
Continuous Improvement in All That We Do

*For more information or a complete publication list, contact us at:*

In Kentucky, with Louisville being the largest with 269,062 residents. There are 225 communities that have less than 1,000 inhabitants.

## BACKGROUND AND INTRODUCTION

The Kentucky Transportation Center is a primarily non-academic department of the College of Engineering at the University of Kentucky that conducts transportation research and, through its Technology Exchange Unit, provides opportunities for the transportation community to receive up-to-date information on applications of new and existing technologies for maintaining safe, efficient transportation systems.

In 1991, the Center completed a study of county road finance in order to better understand the working environment of those local government officials who are responsible for maintaining locally maintained off-system roads. This initial study report proved useful to many groups, including the General Assembly and the Transportation Cabinet. The Center updated the study for 1993, 1996 and again for 1997.

The Kentucky Transportation Cabinet, Department of Highways, has provided funding for the Center to again update the report using statistics from the 1997-98 financial statements submitted by the counties to the Kentucky Department of Local Government. This report reflects the findings of this latest study. This study is based on 118 of the Commonwealth's 120 counties, with statistics from Fayette and Jefferson Counties being omitted. Those two counties, because of their urban designation, are not required to submit expenditure statements to the Department of Local Government and do not keep information in a form compatible with this reporting system.

By law, the county judge/executive is responsible for operating a county road program. The General Assembly has established four requirements for a county road program: (1) identify and enumerate all county roads; (2) adopt all county roads by local ordinance; (3) employ a road engineer or a county supervisor certified by the Kentucky Department of Highways; and (4) by fiscal court action, formulate a total road program including priorities and specific work orders.<sup>1</sup>

According to the 1990 U.S. Census Bureau information, 3,685,296 people live in Kentucky, 1,774,971 in rural areas and 1,910,325 in cities. There are 432 cities and incorporated places in Kentucky, with Louisville being the largest with 269,063 residents. There are 225 communities that have less than 1,000 inhabitants.

---

<sup>1</sup>KRS 178, 67.076, 67.077, 67.078, 179.020, 67.080, and 67.083.

According to the Federal Highway Administration, our nation has 3,944,601 miles of roadways, with 73,158 (or two percent) of those miles located in Kentucky. Nationwide, 79 percent of roadways are in rural areas, while in Kentucky 85 percent is considered rural. Of the nation's 1,642,468 county-maintained roadways, 34,950 are the responsibility of Kentucky counties. This figure represents 49 percent of total Kentucky mileage.<sup>2</sup>

Nationwide, \$101,472 million is expended for highways; of that amount, \$61,534 million (60 percent) is spent by states and \$38,624 million is spent by local governments.<sup>3</sup>

Reporting methods revised in 1991 required Kentucky counties to submit quarterly expenditure statements to the Kentucky Department of Local Government, Division of County and Municipal Accounting. The statistics that follow in this report were excerpted from the reports for fiscal year 1997-98 for 118 counties. A comparison chart for the two fiscal years appears on page 16. Again, Fayette and Jefferson Counties have been excluded since they are urban areas and overall statistics from those counties confuse the picture when looking at rural county road departments.

This report is concerned only with those funds under the direct administration of the county. In addition to county road aid, the Kentucky Transportation Cabinet, either through the Secretary's Office or the Department of Rural and Municipal Aid at times may assist the counties with funding for individual projects on county roads. This funding is administered by the State and therefore is not part of this study. Additionally, the Department of Rural and Municipal Aid withholds three percent of county road aid from counties participating in a cooperative program whereby participating counties can apply for assistance when special needs arise.

---

## METHODOLOGY

To update our study, Center staff met with officials from the Division of County and Municipal Accounting of the Kentucky Department of Local Government. After an explanation of county reporting requirements, our staff copied the June 30, 1998, year end financial statements from the 118 counties that are part of this study. We were provided with a Chart of Accounts that listed major fund codes, detailed revenue accounts, and expenditure categories by function. These statistics were then entered into a Microsoft Excel file for sorting and analyzing. Staff from the Department of Local Government continued to serve as our advisors.

Our report reflects the mileage provided to us by the Department of Rural and Municipal Aid (Appendix I).

All statistics available to us were entered into our spreadsheet. Certain expenditure subcategories cannot be compared because of different interpretations at the county level. For example, not all counties break down materials by type such as asphalt, gravel, sand, etc., but give an overall expense for "materials." Likewise, we were unable to explain all miscellaneous revenues. In several instances, transfers in and out of the road fund inflated both revenues and expenditures, resulting in a distorted picture. Not all counties' summary statements balanced to the actual revenue and expenditure breakdowns. Reasons for the discrepancies given to us by the Department of Local Government usually entailed a difference between the County Treasurer's report and the County Financial Officer's report.

## SUMMARY OF FINDINGS

Counties had \$228.2 million available revenue for road expenses in 1997-98 and carried forward a balance of \$54.7 million. These revenues came from the road fund, LGEA fund, and other county funds. Table I gives a detailed breakdown of these revenues. Table II summarizes county road expenditures.

In Kentucky, county governments (excluding Fayette and Jefferson) are spending \$173.5 million to provide 36,492.36 miles of local roads to their 2.8 million citizens, an annual per capita expense of \$62.06. The largest portion of roadway funds, \$65.9 million, is spent on roadway materials.

General government expenses (includes county judge/executive salaries and fiscal court salaries) charged to the road fund totaled \$1.9 million or 1.21 percent of the total road fund. Chart I below shows the percentages expended to each category for all road expenses. Tables I and II on the following two pages give itemized amounts for revenues and expenditures.

\* A county-by-county tabulation appears in the Appendix as Appendix I.C and I.E.

## SOURCES OF REVENUE

Two major categories of funds are available for maintaining local roads and streets: the county road fund and the Local Government Economic Assistance Fund. An explanation of each fund follows:

### Road Fund

**County Road Aid** represents the largest contribution to the road fund. The County Road Aid Program was established by the 1936 General Assembly to help counties meet their responsibilities for constructing and maintaining county roads and bridges. In 1980, the Kentucky General Assembly provided for the distribution of funds directly to county governments. Prior to 1980, the Transportation Cabinet administered funds. The Program is currently funded by a fixed rate of 18.3 percent of the annual revenues generated by state taxes on gasoline and other motor fuels. In fiscal year 1997, this amounted to \$74,298,732 compared to the original appropriation of \$2,000,000 annually in 1936. The Kentucky Department for Local Government is responsible for allocating the County Road Aid funds to the individual counties in accordance with the formula prescribed in KRS 179.410 and KRS 177.360. The formula has been revised several times, with a gradual increase in the rural nature of the data used in the formula. In 1964, the General Assembly adopted the present "fifths" formula, which is also used to apportion Rural Secondary funds.

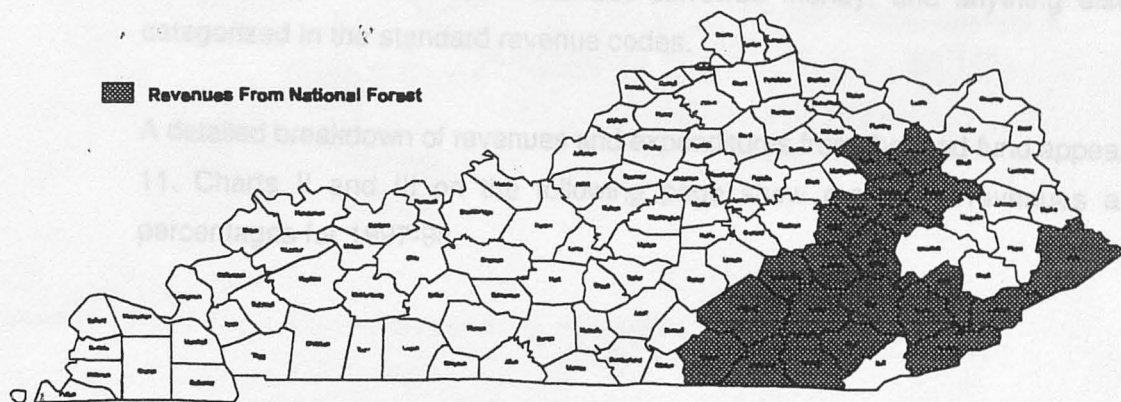

The present formula apportions the County Road Aid funds as follows: One-fifth equally, one-fifth on the basis of rural population, one-fifth on the basis of rural public road mileage, and two-fifths on the basis of rural area. The definition of rural as used in the statute means the rural population, rural mileage, and rural area outside of cities, towns, and urban areas having a population of 2,500 or more as shown by the most recent decennial census of the United States.

The Transportation Cabinet compiles and coordinates the rural data used in the formula. Rural population and rural area for each county is obtained from Bureau of the Census publications and computer files. Contrary to a prevalent misconception, county-maintained road mileage alone is not the basis for the mileage used in the formula. All rural public road mileage is used, regardless of which governmental agency is responsible for maintaining it.

Two methods are used for County Road Aid allocations. The first is direct distribution of funds based on motor fuel tax revenues for the preceding month. The second involves a cooperative agreement between counties and the Department of Rural and Municipal Aid. The projected 80 percent of yearly

motor fuel revenues, less 3 percent, is available at the beginning of the fiscal year and distributed once material price contracts for the year are submitted by participating counties. The 3 percent held in reserve is pooled and applied for in emergency situations. The remaining 20 percent of motor fuel allocations are made available to counties throughout the year.

**National Forest fund** is defined by KRS 149.130 and originates from federal monies paid to the state treasurer in those states having national forests within their boundaries. In turn, these funds are distributed to counties containing the forests. The funds are apportioned by the size of the reserve in the respective county. The county must then put half the receipts in the road fund, and the other half in a fund for its public schools. Counties receiving national forest monies are shown on the map below:

**Truck License Distribution** is defined by KRS 47.020 and represents 30 percent of all revenue raised by taxes under sections (3)-(14) of KRS 186.050. Each year, these funds are distributed equally among the 120 counties.

**Driver's license refund** is defined by KRS 186.535, which states "from each 'renewal or original' issuance of a two-year operator's license, 25 cents goes to the State Transportation Cabinet road fund to be used specifically for 'expanding the state driver education program'. Another 25 cents is refunded to the county where issued for 'county road purposes'." From each four-year license renewed or issued, 50 cents is refunded to each of the above-mentioned funds.

**State grants** do not seem to be defined by statute. They include budget accounts coded by 4500s (Appendix II), such as flood damage reimbursement, federal flood control receipts, road energy recovery fund, miscellaneous payments, special state fund (bridge fund, federal reimbursement/refunds, strip mine permits, etc.).

Chart II Road Fund Revenues: \$186,722,959.25

**Cash Balance/Surplus/Interest** includes all interest earned through the year from CDs and investments, as well as monies not expended and carried forward from the previous year.

**Transfers in/out (net)** represents the account used to transfer monies from one fund to another. In this column, funds were transferred in as well as out; the difference between the amounts is posted to the road fund.

**Other** revenues are those coded to the 4700 series of the Chart of Accounts (see Appendix II) which are described as miscellaneous. They include refunds/reimbursements, sale of surplus equipment and property, excess road materials, borrowed money, and anything else that could not be categorized in the standard revenue codes.

A detailed breakdown of revenues and expenditures from the road fund appear in Table III on page 11. Charts II and III on the following page show road fund revenues and expenditures by percentages for 1997-98.

Chart III - Road Fund Expenditures: \$156,407,706.01

**Chart II Road Fund Revenues: \$186,722,589.25**

**Chart III - Road Fund Expenditures: \$156,407,706.01**

**Table III - Summary of Road Fund Revenues/Expenditures\***

**Road Fund Revenues**

Cash Balance	\$30,551,306.30
Transfer In/Out (Net)	\$21,996,108.04
Interest	\$2,213,182.24
National Forest	\$554,823.48

Materials & Supplies	\$65,871,931.84
Other Expenditures	\$17,600,261.35
Contracted Services	\$19,122,852.10
Miscellaneous	\$6,464,059.13

**Total Road Fund Expenditures** \$156,407,706.01

**Available Surplus** \$30,314,883.24

\*A county-by-county tabulation appears in the Appendix as Appendix I.B and I.C.

The Local Government Economic Assistance Fund was established by the 1980 General Assembly to return a portion of the coal and mineral severance tax revenue to eligible local governments. The Division of County and Municipal Accounting within the Department of Local Government is responsible for the allocation of these funds to eligible local governments. The LGEA Fund provides funds to local governments to improve the environment for new industry and to improve the quality of life for the residents. Counties receiving LGEA funds are shown on the map below.

The LGEAF is derived from coal severance taxes and mineral severance taxes. One half of the excess of the coal severance and processing taxes collected in excess of \$15.8 million is transferred from the general fund into the LGEA fund. By statute, the minimum amount to be transferred is 12 percent of the total severance and processing taxes collected. One-half of the taxes collected annually on the sale and processing of minerals, exclusive of coal, also is transferred to LGEAF.

Ten percent of the coal and mineral funds allocated to each county is divided among the cities within the county based on the ratio that the population of each incorporated area bears to the total population of all the incorporated areas within the county.

### Eligible Expenditure Categories

Coal producing counties and cities must allocate 30 percent of the coal tax portion of LGEAF to maintaining local public highways over which substantial amounts of coal have been transported. The remaining 70 percent may be spent for public safety, environmental protection, public transportation, health, recreation, libraries, social services, administration, industrial and economic development, and vocational education. Coal impact counties and cities must allocate 100 percent of their LGEAF proceeds to public transportation, streets, and roads.

The mineral tax portion of LGEAF may be spent on any of the above categories.

Table IV, on page 14, shows total LGEAF revenues and expenditures. The chart below shows total LGEAF revenues by source. In addition to road expenses, LGEAF funds were used to finance airports (\$67,438) and mass transportation (\$7,869).

**Chart IV - LGEAF Revenues: \$36,589,352.92**

**Table IV - Summary of LGEA Fund Revenues/Expenditures\***

**LGEA REVENUES**

Cash Balance/Surplus	\$10,536,512.25	
Interest	\$444,499.49	
Coal Production	\$14,952,275.74	
Coal Impact	\$1,869,888.16	
Mineral Tax	\$9,628,257.16	
Miscellaneous	(\$842,079.88)	
<b>Total LGEA Revenues</b>		<b>\$36,589,352.92</b>

**LGEA Expenditures**

**Road Expenditures**

Materials	\$8,370,736.69
Salaries	\$319,027.19
Equipment	\$206,903.40
Contracted Services	\$594,777.64
Other	\$151,518.64

**Total LGEA Road Expenditures** **\$9,642,963.56**

**LGEA Transportation Expenditures**

Airport	\$67,437.69
Mass Transit	\$7,868.82

**Total Transportation Expenditures** **\$75,306.51**

**Total LGEA Expenditures for Roads/Transportation** **\$9,718,270.07**

\*A county-by-county tabulation appears in the Appendix as Appendix I.D and I.E.

All figures were transferred from actual expenditure statements of each county. Some provide a more detailed breakdown of each category than others do. The subcategories, particularly under materials and contract services, do not present a true picture of expenditures for each item because not all counties break out individual subcategories.

The LGEA Other shown in Chart V (1.56 percent), consists of net transfers to the LGEA Fund, and any miscellaneous LGEA receipts coded to the 4700 series of the Chart of Accounts (see Appendix II).

**Chart V - LGEAF Transportation Expenditures: \$9,718,270.07**

### Explanation of Expenditure Categories

Included in the tables are expenditures by county for general government, salaries, materials, contract services, equipment maintenance, capital equipment, other capital, and debt service.

These categories correspond to the expenditure codes provided to county governments by the Division of County and Municipal Accounting. A copy of the expenditure codes is attached as Appendix II.

All figures were transferred from actual expenditure statements of each county. Some provide a more detailed breakdown of each category than others do. The subcategories, particularly under materials and contract services, do not present a true picture of expenditures for each item because not all counties break out individual subcategories.

## COMPARISONS

Listed below are several comparisons between the County Road Finance report based on the 1992-93, 1995-96 and the 1996-97 financial statements used in this report.

	1992-93	1995-96	%increase/decrease
Total Expenditures for County Road	\$142,619,481	\$136,593,984	-9.6%
Road Fund Revenues	\$150,514,479	\$159,365,972	+9.4%
Road Fund Expenditures	\$132,021,865	\$129,742,771	-9.8%
LGEA Revenues	\$39,224,400	\$29,931,564	-7.6%
LGEA Expenditures*	\$10,705,807	\$9,005,507	-8.4%
Average Cost Per Mile	\$3,925	\$3,777	-9.6%

	1995-96	1996-97	%increase/decrease
Total Expenditures for County Road	\$136,593,984	\$163,977,983	+20%
Road Fund Revenues	\$159,365,972	\$174,736,982	+9.6%
Road Fund Expenditures	\$129,742,771	\$143,044,983	+10.3%
LGEA Revenues	\$29,931,564	\$36,005,354	+20.3%
LGEA Expenditures*	\$9,005,507	\$8,956,349	-0.5%
Average Cost Per Mile	\$3,777	\$4,569	+21%

	1996-97	1997-98	%increase/decrease
Total Expenditures for County Road	\$163,977,983	\$173,465,893	+5.7%
Road Fund Revenues	\$174,736,982	\$186,722,589	+6.9%
Road Fund Expenditures	\$143,044,983	\$156,407,706	+9.3%
LGEA Revenues	\$36,005,354	\$36,589,352	+1.6%
LGEA Expenditures*	\$8,956,349	\$9,718,270	+7.8%
Average Cost Per Mile	\$4,569	\$4,753	+4.0%

\*Includes expenditures for public transportation and airports.

## CHART OF ACCOUNTS

The basic purpose of the classification of accounts is to develop uniformity of budgeting and reporting by all Kentucky local governments. Each county should select the accounts applicable to their entity's revenue source and expenditure category.

The chart of accounts consists of four (4) sections:

(1) Major Fund Codes:

A fund is designated as an independent accounting entity composed of revenue which is separated for the purpose of carrying on specific activities in accordance with special regulations or limitations. All revenue and expenditure accounts must be classified by fund. Funds are assigned two-digit codes, and identify the specific category through which all transactions are recorded. Only a minimum number of funds consistent with legal and operating requirements should be established.

(2) Detailed Revenue Accounts:

Identifies a specific type of revenue. All revenues are classified by fund and source. Revenue accounts are four digit codes and are distinguished in the chart of accounts under principal categories such as Taxes, Intergovernmental Revenues, and Charges for Services.

(3) Expenditure Categories:

Identifies the functional classifications of expenditures. All expenditure accounts are classified by fund, function, and object, and provide information on the purpose of the expenditure. Expenditure function codes are four digit and likewise classified in the chart of accounts under principal headings for which a broad purpose of county government exists such as General Government, Protection to Persons and Property, and Roads.

(4) Detailed Expenditure Objects:

Provide additional detail about the purpose of expenditures. Detail object codes are three digit and supplement the expenditure function code.

Example Expenditure Account

Fund  
01

Revenue  
5001

Object  
101

Identifies General Fund expense, Office of  
County Judge/Executive salary

## CHART OF ACCOUNTS

The basic purpose of the classification of accounts is to develop uniformity of budgeting and reporting by all Kentucky local governments. Each county should select the accounts applicable to their entity's revenue source and expenditure category.

The chart of accounts consists of four (4) sections:

### (1) Major Fund Codes:

A fund is designated as an independent accounting entity composed of revenue which is separated for the purpose of carrying on specific activities in accordance with special regulations or limitations. All revenue and expenditure accounts must be classified by fund. Funds are assigned two-digit codes, and identify the specific category through which all transactions are recorded. Only a minimum number of funds consistent with legal and operating requirements should be established.

### (2) Detailed Revenue Accounts:

Identifies a specific type of revenue. All revenues are classified by fund and source. Revenue accounts are four digit codes and are distinguished in the chart of accounts under principal categories such as Texas, Intergovernmental Revenues, and Charges for Services.

#### Example Revenue Account

<u>Fund</u>	<u>Revenue</u>	
01	4101	= Identifies General Fund real property taxes

### (3) Expenditure Categories by Function:

Identifies the functional classifications of expenditures. All expenditure accounts are classified by fund, function, and object, and provide information on the purpose of the expenditure. Expenditure function codes are four digit and likewise classified in the chart of accounts under principal headings for which a broad purpose of county government exists such as General Government, Protection to Persons and Property, and Roads.

### (4) Detailed Expenditure Objects:

Provide additional detail about the purpose of expenditures. Detail object codes are three digit and supplement the expenditure function code.

#### Example Expenditure Account

<u>Fund</u>	<u>Revenue</u>	<u>Object</u>	
01	5001	101	= Identifies General Fund expense, Office of County Judge/Executive salary

## MAJOR FUND CODES

- 01 - General Fund
- 02 - Road Fund
- 03 - Jail Fund
- 04 - Local Government Economic Assistance Fund
- 06 - State Grants (ADDs)
- 07 - Federal Grants
- 08 - Disaster Emergency Service Fund
- 09 - Ambulance Fund
- 10 - Water District
- 11 - Emergency Shelter Care Fund
- 12 - Forestry
- 13 - Solid Waste Fund
- 14 - Parks and Recreation Fund
- 15 - Landfill
- 16 - Rescue Squad
- 17 - Fire Department
- 18 - County Police
- 19 - Public Defender
- 20 - Jail Construction Fund
- 21 - County Bond Sinking Fund
- 22 - Golf Fund
- 23 - Occupational Tax Fund
- 24 - Swimming Pool Fund
- 25 - Section 8 Housing
- 26 - Lake Fund
- 27 - Economic Assistance
- 28 - Library Tax Fund
- 29 - Juvenile Justice Fund
- 30 - Flood Fund
- 75 - 88 - Special Funds
